

Horsey Scandal - Episode 9: Million-mare Matchpony

Who is the liaison helping Didi, or should I say: DD?

"Okay, everyone is present?" Sienna asked.

"Yes," Ricky, Tate and Sunny said, simultaneously.

"Good. Tate how has your Chestnut Connection project going?" Sienna asked.

"Good, I asked Beau about it and he let me in. Chestnut Connection had their first meeting. Madison, Beau, Boss, and Rascal are so far the only one's in it. There were no mares, but they kept bringing up something called D.D. I don't know what that means or if it's *Didi*, the pony. Apparently, they are going to join forces with the mares, Didi has gathered two mares. Something was brought up...one of them has something to do with a Million-mare Matchpony. I don't know who, or what that is. But Madison and Didi definitely have something going on behind their tails," Tate informed the group.

"Interesting you say that, Tate," Sienna said. "Yesterday night, I followed Didi down to a clearing by the pond, she and Madison were there and she was talking about joining the Chestnut Connection, but changing the name to *Dressage Delinquents*. Madison told her that their power combined would be so strong they could over rule the tyrants. He told her to take these *things* from the mares with power. And then, the next morning, Sunny's silver horseshoe went missing."

"Yeah, Head Mare Delilah won't give me another one in case that gets stolen too, but she has granted me enough power to maintain my place," Sunny said.

"But I saw Didi in the arena today, the Head Human was riding her, and neither one seemed like they could control Didi, her speed and power was overwhelming, that of many horses combined. I don't know if it is possible that Didi could have stolen my shoe, it can only be removed by the one who wears it and it's invisible to humans, it gives us our power, but more than one...that could be dangerous!"

"Hmm...strange, Tate, was there any mention of magic in your group?" Ricky asked, quickly thinking of something.

"Yes, it had to do with the Million-mare Matchpony. It was something like, if she could match the powers of two charms, she could create omnipotent powers. Charms, I assume would be the silver horseshoe and the silver tail hair," Tate said.

"Tail hair! Wait...but I was there when Senior Shakespeare removed Madison's tail hair! And Sienna, you saw him out of his paddock, right? Well, he can't jump high enough to clear his paddock! So how could he possibly get out?"

"Shhh!" Sunny hissed.

"Why?" Ricky said.

"Listen!" Sunny said. The horses were silent and heard a voice:

"I have to go to the DD, they think they know who the other one is..."

"Okay, you're the Million-mare Matchpony, you will know!"

The Intelligence listened to Sarika and Kimber's conversation.

In the next issue, Filly Felony, find out what happens after the Intelligence overhears a secret conversation.
